Total OMR:	6160000.0	Internal ROI (%):	16.0%
Payback Years:	6	Implementation Duration:	1.0
Reference:	MOC/01238	Type:	featured
Source:	Projects, Tenders and Local Content Authority		
Description:	Strategic Investment Opportunity in the Technology Sector A project specialized in the manufacturing of various computer components locally, designed to meet the needs of government entities, institutions, and companies in the Sultanate of Oman, in addition to serving the local and regional markets. With the rapid pace of digital transformation and the growing reliance on technology across sectors, this project represents a pivotal step towards reducing import dependence and creating added value for the national economy. Furthermore, the relevant authority will commit to purchasing a specified share of the final products, provided they meet the approved technical standards and requirements, offering investors additional assurance and stable returns.
